Anti-tip Kit for Mirrors – Security by Hangman

The **Hangman Products Anti-Tip Kit** helps prevent mirrors from falling over. The **Anti-Tip Kit** is made from steel and galvanized steel aircraft cable, is easy to install and is tamper resistant. It is also excellent for safely securing full length mirrors to walls (A.K.A.leaners). All systems include all of the hardware required for installation. Patent pending. The **Hangman Products Anti-Tip Kit** for leaning, unsafe mirrors is the safest method to secure mirrors leaning against a wall. Let's be safe, ask about the **Hangman Products Anti-Tip Kit for Mirrors**.
