## Picture Straightener Hang It Level Every Time!

Hangman Products new **Picture Straightener** is the Holy Grail of picture hanging. It is a simple, easy to use method for straightening a picture that already hangs on a wall. **Picture Straightener** uses the patented **Hangman Products Bubble Level** to level the picture and special adhesive pads that keep the picture straight. Our special adhesive pads will not damage walls or wallpaper.

**Hangman Products Picture Straightener** kit includes the **Bubble Level** and enough adhesive pads to straighten up to 10 pictures. **Picture Straightener** is incredibly easy to use. No tools are needed and no more crooked pictures! The rest of life should be this easy.

- **Easy to use**
- **No tools needed**
- **10 adhesive pads are included. These pads will not damage your walls.**
- **Hangman Products Bubble Level included.**

**Straightens any picture.  
Keeps every picture straight.**

Your art is important to you, it deserves to be hung the best and most secure way possible. For easier picture hanging recommend the **Hangman Products Picture Straightener** to your customers.
