## Shelf Stiffener with Safety Edge

The **Hangman Products Shelf Stiffener with Safety Edge** adds rigidity, prevents warping, increases shelf capacity and creates a durable finished edge. It prevents items on shelves from rolling or sliding off. Your customers can use it in the pantry, pull out shelves or as a shoe retainer. The **Shelf Stiffener with Safety Edge** is used on 3/4" shelves and installs with a rubber mallet. It comes in powder coat black, powder coat white, powder coat white, red and clear anodize. Help your customers protect household items or store stock from damage or loss due to earthquakes or carelessness with the **Hangman Products Shelf Stiffener with Safety Edge**.
