

Hang it Level Every Time!®

Tool Caddy Organize Your Garage and Closets

Hangman Products Tool Caddy is a simple yet elegant solution for organizing tools in the basement, garage, or workshop environment. Because it is part of the **Hangman Products Garage / Closet Component System** it becomes part of an over-all solution. This tool storage system supports 50 lbs of tools, has 71 openings and puts your tools in one compact location. The Included **Hangman Products Bubble Level** allows you to Hang it Level Every Time™. The **Tool Caddy** accommodates pliers, wrenches, hammers, screwdrivers, Allen wrenches, paintbrushes and lots more. A trough along the top edge holds pens, pencils, drill bits and a removable level. Careful engineering guarantees a safe, sturdy installation. Mounting hardware is included. Help your customers organize their life, starting with the **Hangman Products Tool Caddy**.

Model	Size	Tools Held	Bar Code
TC-24	24"X 10 ¼" X 2"	Up to 71	681391-10200-1

Do your customers need a garage organizer or workshop organizer? Direct them to the **Hangman Products Tool Caddy** box.
