Wall-Dog™ Wire Hanger

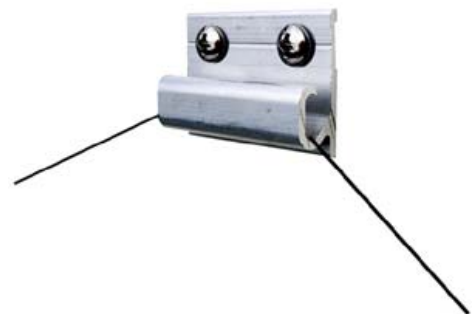

The **Wall-Dog™ Wire Hanger** is an all aluminum hanger with a 1 ½" or 3" bracket which helps keep items on the wall from pivoting. It comes with **Wall-Dog™** anchorless screws and friction bumpers to stabilize your wall décor to the wall..

The **Wall-Dog™ Wire Hanger** is designed to hold wire mounted frames up to 100 pounds. The **Wall-Dog™** anchorless screw requires no drilling and there is no stud requirement. The width of the product ensures a wide pivot point that minimizes movement and it includes friction bumpers to keep your wall art from shifting.

Model	Sizes	Holding Power	Bar Code
WDH-60	1 ½ inches	60 pounds	681391-20604-4
WDH-100	3 inches	100 pounds	681391-20606-8

The **Wall-Dog™ Wire Hanger** takes advantage of the **Wall-Dog™** anchorless screw's extraordinary holding power. It gives your customers yet another cost-effective, easy to use hanging solution from **Hangman Products**.
