Single Headed Bear Claw Screws (Self-Drilling)

1/2" Bear Claw Screw

Our Single Headed Bear Claw™ is an anchorless drywall screw. It has a self tapping tip for easy installation in drywall. No pilot hole is required and the Single Headed Bear Claw™ penetrates studs with a handheld screwdriver. These screws are available as #8 pan head screws.

1" Bear Claw Screw

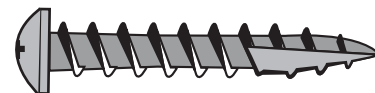

1 1/2" Bear Claw Screw

2 1/2" Bear Claw Screw
