

HANGMAN[®] PRODUCTS

"Hang it Level Every Time!"

"I have tried the Hangman System, the Frame/Canvas Hanger and the Aluminum Frame Hanger myself and think highly enough of them to have included them as featured products in my syndicated home improvement show, Ron Hazelton's HouseCalls. The simplicity of installation, integrated level, horizontal adjustability and load capacity make it a terrific system for hanging just about anything and one my viewers are going to really appreciate."
 - Ron Hazelton, HouseCalls
