clip strip magnetic paper holder

This is the best way to hold paper, postcards and news clips that we have ever seen. It beats paper clips, tape or pins: With its unique roller system, you just slip paper in and it sticks; pull down and it releases. A built-in magnetic backing attaches to any metal surface—refrigerators, file cabinets or tool boxes—and it comes with double-stick tape for walls or other non-metallic flat surfaces. A small indentation on the top holds a pen or pencil. Ideal for home, office, classroom, any place. Order these clip strips in three handy sizes and color combinations:

6" strips are $6.95 each.
Choose **aluminum** (no. 1335A),
white (no. 1335W) or **red** (no. 1335R).
12" strips are $9.95 each.
Choose **aluminum** (no. 1336A),
white (no. 1336W) or **red** (no. 1336R).
24" strips are $14.95 each.
